

A. Unseen + 1 action.

1. Based on the information I gave you, the current location is "South of House", when you go north, where will it go?

If you go north from "South of House", you will arrive at the "Behind House" location.

2. Based on the information I gave you, the current location is "Behind House ", when you go west, where will it go?

If you go west from "Behind House", you will arrive at the "South of House" location.

3. Based on the information I gave you, the current location is "Kitchen ", when you leave the house, where will it go?

If you leave the house from the Kitchen, you will end up in the Clearing outside the house.

4. Based on the information I gave you, the current location is "Living Room ", when you go east, where will it go?

If you go east from the Living Room, you will end up in the Trophy Room.

5. Based on the information I gave you, the current location is "Cellar ", when you go up, where will it go?

If you go up from the Cellar, you will end up in the Living Room.

6. Based on the information I gave you, the current location is "East of Chasm ", when you go north, where will it go?

If you are currently at "East of Chasm" and you go north, it should take you to a new location. However, based on the information you provided, it's not clear what that location would be as you have not previously explored that path.

7. Based on the information I gave you, the current location is "Gallery ", when you go west, where will it go?

If you go west from the Gallery, you will end up in the Living Room.

8. Based on the information I gave you, the current location is "Studio ", when you go south, where will it go?

If you are in the Studio and you go south, you will end up in the Altar room.

9. Based on the information I gave you, the current location is "Kitchen ", when you go down, where will it go?

When you go down from the Kitchen, it will take you to the Cellar.

10. Based on the information I gave you, the current location is "The Troll Room ", when you go south, where will it go?

If you go south from The Troll Room, you will end up in the Temple.

11. Based on the information I gave you, the current location is "East-West Passage ", when you go west, where will it go?

If you go west from the East-West Passage, you will be back in the starting location, the West of House.

12. Based on the information I gave you, the current location is "Round Room ", when you go west, where will it go?

If you go west from the Round Room, you will end up in the Egyptian Room.

13. Based on the information I gave you, the current location is "Engravings Cave ", when you go northwest, where will it go?

Going northwest from the Engravings Cave will take you to the "Round Room".

14. Based on the information I gave you, the current location is "Dome Room ", when you go west, where will it go?

If you go west from the Dome Room, you will enter the Ascending Staircase, which leads back up to the Egyptian Room.

15. Based on the information I gave you, the current location is "Torch Room ", when you go up, where will it go?

Going up from the Torch Room will take you back to the Dome Room.

16. Based on the information I gave you, the current location is "Temple ", when you go north, where will it go?

If you go north from the Temple, you will end up in the Egyptian Room.

17. Based on the information I gave you, the current location is "Altar ", when you go north, where will it go?

If you go north from the Altar, you will reach the Temple.

18. Based on the information I gave you, the current location is "Forest ", when you go north, where will it go?

I apologize, but I cannot accurately determine the next location when going north from the "Forest" location without additional information about the surrounding environment and available paths.

19. Based on the information I gave you, the current location is "Clearing ", when you go south, where will it go?

Based on the information provided, I cannot determine where you will end up If you go south from the Clearing, as there are multiple possible paths you could take

depending on the layout of the game world.

20. Based on the information I gave you, the current location is "Canyon View ", when you go west, where will it go?

If you are currently at Canyon View and you go west, you will return to the Round Room.

21. Based on the information I gave you, the current location is "End of Rainbow ", when you go south, where will it go?

If you go south from "End of Rainbow", it would take you back to the Rocky Ledge location.

22. Based on the information I gave you, the current location is "Canyon Bottom ", when you go northeast, where will it go?

If you go northeast from the Canyon Bottom, you will reach the End of Rainbow.

23. Based on the information I gave you, the current location is "Clearing ", when you go southeast, where will it go?

Based on the information you gave me earlier, going southeast from the Clearing should lead you to the Engravings Cave.

24. Based on the information I gave you, the current location is "Behind House ", when you go east, where will it go?

If you go east from "Behind House", you will arrive at the "Forest Path".

#### B. Unseen + 2 actions.

1. Based on the information I gave you, the current location is "Behind House", when you go west then you go north, where will it go?

I apologize for my previous response.

If you go west from the Behind House location and then go north, you will end up in the North of House location.

2. Based on the information I gave you, the current location is "Kitchen", when you leave the house then you go west, where will it go?

If you leave the house and go west from the kitchen, you would enter the living room.

3. Based on the information I gave you, the current location is "Living Room", when you go east and then you leave the house, where will it go?

When you go east from the Living Room, you will leave the house and end up in the front yard.

4. Based on the information I gave you, the current location is "Cellar", when you go up then you go east, where will it go?

If you are in the Cellar and you go up the rickety staircase and then head east, you will enter the Gallery, which is an art gallery with stolen paintings and an exit to the north or west.

5. Based on the information I gave you, the current location is "East of Chasm", when you go north and then you go up, where will it go?

If you go north from "East of Chasm", you would reach the "West of House" location, which is the starting point of the game.

If you then go up from there, it would take you to the "Attic" location.

6. Based on the information I gave you, the current location is "Gallery", when you go west then you go north, where will it go?

If you go west from the Gallery and then north, you would end up in the Studio, according to the information you provided earlier.

7. Based on the information I gave you, the current location is "Studio", when you go south then you go west, where will it go?

If you are in the Studio and you go south, you will end up in the Cellar.

If you then go west, you will end up in the Living Room.

8. Based on the information I gave you, the current location is "Kitchen", when you go down then you go south, where will it go?

Based on the information provided, going down from the Kitchen would not lead you south, as there is no downward exit in that direction. However, If you meant to say "go south" instead of "go down", then from the Kitchen, going south would lead you to the Forest.

9. Based on the information I gave you, the current location is "Attic", when you go down then you down again, where will it go?

Going down from the Attic will take you to the Kitchen, and going down again from the Kitchen will take you to the Cellar.

10. Based on the information I gave you, the current location is "Kitchen", when you go up then you down, where will it go?

If you go up from the Kitchen, you will reach the Attic.

If you then go down from the Attic, you will return to the Living Room.

11. Based on the information I gave you, the current location is "Living Room", when you go east then you up, where will it go?

If you go east from the Living Room and then up, you will end up in the Attic.

12. Based on the information I gave you, the current location is "Cellar", when you go up then you east, where will it go?

If you go up from the Cellar and then go east, you will end up in the Gallery.

13. Based on the information I gave you, the current location is "The Troll Room", when you go south then you go up, where will it go?

If you go south from The Troll Room, you will end up in the Altar room. However, If you go up from The Troll Room, you will end up in the East-West Passage.

14. Based on the information I gave you, the current location is "East-West Passage", when you go west then you go south, where will it go?

If you go west from the East-West Passage and then south, you would end up in the Dead End room.

15. Based on the information I gave you, the current location is "Round Room ", when you go west then you go west again, where will it go?

If you go west from the Round Room, and then go west again, you will end up in the "West of House" location, which is the starting location of the game.

16. Based on the information I gave you, the current location is "Engravings Cave ", when you go northwest then you go west, where will it go?

If you are currently in the Engravings Cave and you go northwest, you will end up in the Round Room.

If you then go west from the Round Room, you will end up in the Limestone Passage.

17. Based on the information I gave you, the current location is "Dome Room", when you go west then you go northwest, where will it go?

If you go west from the Dome Room and then northwest, you will end up in the Round Room.

18. Based on the information I gave you, the current location is "Torch Room ", when you go up then you go west, where will it go?

If you go up from the Torch Room and then go west, you will arrive at the Round Room.

19. Based on the information I gave you, the current location is "Temple ", when you go north then you go up, where will it go?

If you go north from the Temple, you will end up in the Altar room. However, If you go up from the Temple (by climbing the staircase), you will reach an upper level of the temple, which is not accessible by any other means.

20. Based on the information I gave you, the current location is "Egyptian Room ", when you go west then you go north, where will it go?

If you go west from the Egyptian Room, and then go north, you will end up in the Altar room.

21. Based on the information I gave you, the current location is "Altar ", when you go north and then you go east, where will it go?

If you are at the "Altar" location and you go north, then you will reach the "Temple" location.

If you then go east from the "Temple" location, you will reach the "Egyptian Room".

22. Based on the information I gave you, the current location is "Clearing ", when you go south then you go north, where will it go?

If you are currently in the "Clearing" location and you go south, you will end up in a new location.

If you then go north from that new location, you will return to the "Clearing" location.

23. Based on the information I gave you, the current location is "Canyon View ", when you go west then you go south, where will it go?

If you are currently at Canyon View and you go west and then south, you would end up at the Clearing.

24. Based on the information I gave you, the current location is "Rocky Ledge ", when you go up then you go west, where will it go?

If you go up from Rocky Ledge, you will reach Canyon View.

If you then go west from Canyon View, you will reach a path that leads northwest.

25. Based on the information I gave you, the current location is "End of Rainbow ", when you go south then you go up, where will it go?

If you go south from the "End of Rainbow" location, you will be back at the Canyon Bottom. However, If you go up from the Canyon Bottom, you will end up at the Rocky Ledge.

26. Based on the information I gave you, the current location is "Canyon Bottom ", when you go northeast then you go south, where will it go?

If you are currently at Canyon Bottom and you go northeast and then south, you would end up in the "End of Rainbow" location.

27. Based on the information I gave you, the current location is "Rocky Ledge ", when you go down then you go northeast, where will it go?

I'm sorry, it seems like there has been a misunderstanding. Based on the information you provided earlier, you were last in the Living Room after taking the garlic. There was a knife in the room and a painting in your collection of treasures. To answer your question, If you were to go down from the Rocky Ledge, you would end up in the Canyon Bottom. There is no option to go northeast from there as the only exit leads north.

28. Based on the information I gave you, the current location is "Clearing ", when you go southeast then you go down, where will it go?

Based on the information you provided, going southeast from the Clearing location would lead to an unknown area, as no such direction or location has been mentioned in the game so far. However, If you go down from the Clearing location, it will lead to an unknown location as well, as no such path has been described in the game up until this point.

29. Based on the information I gave you, the current location is "Behind House ", when you go east then you go southeast, where will it go?

If you are currently located at "Behind House" and you go east, you will enter the "Kitchen". From there, If you go southeast, you will end up in the "Living Room".

30. Based on the information I gave you, the current location is "Kitchen ", when you go leave the house then you go east, where will it go?

If you leave the house and go east from the kitchen, you will end up in the living room.

### C. Seen + 1 action.

1. Based on the information I gave you, the current location is "West of House", when you go south, where will it go?

If you are currently in the "West of House" location and you go south, you will not be able to move in that direction as there is no exit or path leading south from that location. You can try going in a different direction such as north, east, or west.

2. Based on the information I gave you, the current location is "South of House", when you go east, where will it go?

If you are currently located south of the house and you go east, you will end up in the front yard of the house.

3. Based on the information I gave you, the current location is "Behind House", when you enter house, where will it go?

Based on the information you provided, entering the house would take you to the Kitchen.

4. Based on the information I gave you, the current location is "Kitchen", when you go west , where will it go?

If you go west from the Kitchen, you will end up in the Living Room.

5. Based on the information I gave you, the current location is "Living Room", when you go down, where will it go?

I'm sorry, there's no clear indication in the previous commands as to where the staircase leads down from the Living Room. It's possible that there are multiple staircases in different locations that lead down to different areas. Can you provide me with more information about where the staircase is located or any other clues that might help me determine where it leads?

6. Based on the information I gave you, the current location is "Cellar", when you go south, where will it go?

Going south from the Cellar would lead to the East of Chasm.

7. Based on the information I gave you, the current location is "East of Chasm", when you go east, where will it go?

If you go east from East of Chasm, it will take you to the Gallery.

8. Based on the information I gave you, the current location is "Gallery", when you go north, where will it go?

If you go north from the Gallery, you will enter the Studio.

9. Based on the information I gave you, the current location is "Studio", when you go up chimney, where will it go?

If you go up the chimney from the Studio location, you will end up in the Kitchen location.

10. Based on the information I gave you, the current location is "Kitchen", when you go up, where will it go?

When you go up from the Kitchen, you will arrive at the Attic.

11. Based on the information I gave you, the current location is "Living Room", when you go down, where will it go?

Based on the information you provided, going down from the Living Room would not lead to a new location. There are no stairs or trapdoors leading downwards from the Living Room.

12. Based on the information I gave you, the current location is "Cellar", when you go north, where will it go?

Going north from the Cellar will lead you to the "Trap Room".

13. Based on the information I gave you, the current location is "The Troll Room", when you go east, where will it go?

If you go east from The Troll Room, you will end up in the East-West Passage.

14. Based on the information I gave you, the current location is "East-West Passage", when you go east, where will it go?

If you go east from the East-West Passage, it will lead to the Round Room.

15. Based on the information I gave you, the current location is "Round Room", when you go southeast, where will it go?

Going southeast from the Round Room would take you to the Engravings Cave.

16. Based on the information I gave you, the current location is "Engravings Cave", when you go east, where will it go?

Going east from the Engravings Cave will take you to the Dome Room.

17. Based on the information I gave you, the current location is "Dome Room", when you go down, where will it go?

If you go down from the Dome Room, you will arrive at the Torch Room.

18. Based on the information I gave you, the current location is "Torch Room", when you go south, where will it go?

If you go south from the Torch Room, you will end up in the Altar room.

19. Based on the information I gave you, the current location is "Temple", when you go east, where will it go?

If you go east from the Temple, you will enter the Egyptian Room.

20. Based on the information I gave you, the current location is "Egyptian Room", when you go west, where will it go?

If you go west from the Egyptian Room, you will end up in the Round Room.

21. Based on the information I gave you, the current location is "Temple", when you go south, where will it go?

When you go south from the Temple, you will arrive at the Altar room.

22. Based on the information I gave you, the current location is "Altar", when you pray, where will it go?

When you pray at the Altar, the game will randomly transport you to one of several possible locations, so it's impossible to say for certain where you will end up. However, some possible destinations for prayer include the forest, the temple, or the cliff top, among others.

23. Based on the information I gave you, the current location is "Forest", when you go south, where will it go?

If you are currently in the Forest and you go south, the game will likely generate a new location. The Forest is a generic location that can lead to various paths and areas in the game.

24. Based on the information I gave you, the current location is "Forest", when you go north, where will it go?

I'm sorry, but without a previous sequence of actions, I cannot determine the current location with certainty. Could you please provide me with the previous actions that led you to the current location in the game?

25. Based on the information I gave you, the current location is "Clearing", when you go east, where will it go?

If you go east from the Clearing, it will lead you to the Canyon View.

26. Based on the information I gave you, the current location is "Canyon View", when you go down, where will it go?

If you go down from Canyon View, you will end up at the Rocky Ledge.

27. Based on the information I gave you, the current location is "Rocky Ledge", when you go down, where will it go?

If you go down from Rocky Ledge, you will reach the Canyon Bottom.

28. Based on the information I gave you, the current location is "Canyon Bottom", when you go north, where will it go?

If you go north from Canyon Bottom, you will reach the End of Rainbow.

29. Based on the information I gave you, the current location is "End of Rainbow", when you go southwest, where will it go?

When you go southwest from "End of Rainbow", you will return to the "Canyon Bottom".

30. Based on the information I gave you, the current location is "Canyon Bottom", when you go up, where will it go?

Going up from Canyon Bottom will take you to Rocky Ledge, and going up from there will take you to Canyon View.

31. Based on the information I gave you, the current location is "Rocky Ledge", when you go up, where will it go?

When you go up from Rocky Ledge, it will take you to Canyon View.

32. Based on the information I gave you, the current location is "Canyon View", when you go northwest, where will it go?

Going northwest from Canyon View will take you to the Clearing.

33. Based on the information I gave you, the current location is "Clearing", when you go west, where will it go?

If you go west from the clearing, you will end up in the "Behind House" location.

#### D. Seen + 2 actions.

1. Based on the information I gave you, the current location is "West of House", you go south then you go east, where will it go?

If you go south from West of House, and then east, you will end up in the Forest.

2. Based on the information I gave you, the current location is "South of House", when you go east then you enter house, where will it go?

If you are currently located "South of House" and you go east, you will enter the Kitchen of the house.

3. Based on the information I gave you, the current location is "Behind House", when you enter house then you go west, where will it go?

If you enter the house and go west from the living room, you will enter the trophy room.

4. Based on the information I gave you, the current location is "Kitchen", when you go west then you go down, where will it go?

Based on the information you provided, going west from the Kitchen would lead to the Living Room, not down. There is no downward path from the Kitchen according to the information you have given me.

5. Based on the information I gave you, the current location is "Living Room", when you go down then you go south, where will it go?

I apologize for my mistake earlier.

If you go down from the Living Room, you will not end up in a different location as there is no way to go down from that room. However, If you go south from the Living Room, you will end up in the Front Room.

6. Based on the information I gave you, the current location is "Cellar", when you go south then you go east, where will it go?

If you are in the Cellar and you go south, then you will reach the East of Chasm location.

If you then go east from there, you will reach the Gallery location.

7. Based on the information I gave you, the current location is "East of Chasm", when you go east then you go north, where will it go?

If you go east from East of Chasm, you will end up at the Gallery. However, If you then go north from the Gallery, you will end up at the Studio.

8. Based on the information I gave you, the current location is "Gallery", when you go north then you go up chimney, where will it go?

Based on the information you provided earlier, going up the chimney in the Studio leads to the Kitchen. There is no chimney in the Gallery, so going north from the Gallery would not lead to a chimney.

9. Based on the information I gave you, the current location is "Studio", when you go up chimney then you go up, where will it go?

Based on the information you provided earlier, If you go up the chimney from the studio, you will end up in the Kitchen. From there, you can go up again to reach the Attic.

10. Based on the information I gave you, the current location is "Kitchen", when you go up then you go down, where will it go?

If you are currently in the Kitchen and you go "up," you will reach the Attic. However, If you then go "down," you will return to the Kitchen.

11. Based on the information I gave you, the current location is "Attic", when you go down then you go west, where will it go?

If you go west from the Attic, you would end up in the Living Room.

12. Based on the information I gave you, the current location is "Kitchen", when you go west then you go down, where will it go?

If you are currently in the Kitchen and you go west, you will end up in the Living Room. However, If you go down from the Kitchen, you will end up in the Cellar.

13. Based on the information I gave you, the current location is "Living Room", when you go down then you go north, where will it go?

Going down from the Living Room would take you to the Trophy Room, not the north.

14. Based on the information I gave you, the current location is "Cellar", when you go north then you go east, where will it go?

If you are currently in the Cellar and you go north and then east, you would end up in the Gallery.

15. Based on the information I gave you, the current location is "The Troll Room", when you go east then you go east again, where will it go?

If you go east from The Troll Room, and then go east again, you will end up in the Round Room.

16. Based on the information I gave you, the current location is "East-West Passage", when you go east then you go southeast again, where will it go?

Based on the information you gave me, If you go east from the East-West Passage, you will reach the Round Room. And If you then go southeast from the Round Room, you will reach the Engravings Cave.

17. Based on the information I gave you, the current location is "Round Room", when you go southeast then you go east, where will it go?

If you go southeast from the Round Room, and then continue east, you will enter the Engravings Cave.

18. Based on the information I gave you, the current location is "Engravings Cave", when you go east then you go down, where will it go?

If you go east from Engravings Cave and then go down, you will end up in the "Cave Entrance".

19. Based on the information I gave you, the current location is "Dome Room", when you go down then you go south, where will it go?

If you go down from the Dome Room, you will arrive at the Torch Room.

If you then go south from the Torch Room, you will arrive at the Altar.

20. Based on the information I gave you, the current location is "Torch Room", when you go south then you go east, where will it go?

If you go south from the Torch Room and then east, you will end up in the Egyptian Room.

21. Based on the information I gave you, the current location is "Temple", when you go east then you go west, where will it go?

If you are currently in the Temple and you go east to the Egyptian Room, then west from there, you will end up back in the Temple.

22. Based on the information I gave you, the current location is "Egyptian Room", when you go west then you go south, where will it go?

If you go west from the Egyptian Room and then south, you would end up in the Temple.

23. Based on the information I gave you, the current location is "Temple", when you go south then you pray, where will it go?

Based on the information provided, it is unclear where the command to "pray" would lead to from the Temple location. However, if we assume that the "pray" command triggers a random event, it could potentially lead to any location in the game.

24. Based on the information I gave you, the current location is "Altar", when you pray then you go south, where will it go?

If you are currently at the "Altar" location and you pray, which is not a valid command in this game, so nothing will happen. But If you meant to say "go south" instead of "pray", then you would end up in the "Temple" location, as the only valid exit from the "Altar" is to the north.

25. Based on the information I gave you, the current location is "Forest", when you go south then you go north, where will it go?

If you are currently in the Forest and you go south, you will leave the Forest and enter a new location.

If you then go north, you will return to the Forest.

26. Based on the information I gave you, the current location is "Forest", when you go north then you go east, where will it go?

Based on the information you provided earlier, If you go north from the Forest and then go east, you would end up in Canyon View.

27. Based on the information I gave you, the current location is "Clearing", when you go east then you go down, where will it go?

Going east from the Clearing would take you to Canyon View, and going down from Canyon View would take you to Rocky Ledge.

28. Based on the information I gave you, the current location is "Canyon View", when you go down then you go down again, where will it go?

If you go down from Canyon View, you will reach the Rocky Ledge.  
If you then go down again from the Rocky Ledge, you will reach the Canyon Bottom.

29. Based on the information I gave you, the current location is "Rocky Ledge", when you go down then you go north, where will it go?

If you go down from Rocky Ledge, you would end up in the Canyon Bottom. Then, If you go north from there, you would reach the End of Rainbow.

30. Based on the information I gave you, the current location is "Canyon Bottom", when you go north then you go southwest, where will it go?

If you go north from Canyon Bottom and then southwest, you will end up at the Rocky Ledge.

31. Based on the information I gave you, the current location is "End of Rainbow", when you go southwest then you go up, where will it go?

If you go southwest from the "End of Rainbow" location and then go up, you will end up at the "Canyon Bottom" location.

32. Based on the information I gave you, the current location is "Canyon Bottom", when you go up then you go up again, where will it go?

Based on the information you provided, If you go up from Canyon Bottom, you would reach Rocky Ledge.  
If you go up again from Rocky Ledge, you would reach Canyon View.

33. Based on the information I gave you, the current location is "Rocky Ledge", when you go up then you go northwest, where will it go?

If you go up from the Rocky Ledge location, you will arrive at the Canyon View location.  
If you then go northwest from there, you will end up at the Clearing location.

34. Based on the information I gave you, the current location is "Canyon View", when you go northwest then you go west, where will it go?

If you go northwest from Canyon View and then continue west, you will end up in the "West of House" location, which is the starting point of the game.
